

RACHEL GRAVES MD

Born and raised: Richmond, IN

School and degrees: Undergrad and BA in Biology – Oberlin College
University of California- Medical school- San Francisco, California - Doctor of Medicine (M.D.)

Dr. Graves is a family practice provider, with a special interest in Women’s Health and procedures, Obstetrics care, Adolescent health issues, and contraception.

“I’ve always enjoyed working with people, whether in medicine or other fields. I appreciate the opportunity family medicine provides in balancing a full-filling career and my personal life.”

In her spare time, Rachel enjoys adventures with her husband including hiking and camping, reading novels, gardening, cooking and travel.
